

- a. Site Building Masses: MDF Painted white
- b. Curb cuts, ground plane and streets 4 ply white museum board
- c. Project Model: White 4ply museum board (or other white materialwith a solid edge.) Paint to remove laser cut burn marks. With the Part (black) distinguished from the Whole by fabrication strategy (same material and color).

- a. Model Base 12" x 18" x 3.5"
  - 1/2" MDF
  - Painted White
- b. Remove the site boundary from the model.  
Replace with museum board. this will allow you to more easily manipulate the site.

Site:

Parking lot at North West Corner of 4th and  
Alameda.

34°02'37.8"N 118°14'18.8"W

A 3dm file with the precise site boundary can be  
found on Moodle.
